

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF TELESPECTRUM, INC.)	
D/B/A ALLTEL COMMUNICATIONS, INC. FOR A)	
CERTIFICATE OF PUBLIC CONVENIENCE AND)	CASE NO.
NECESSITY TO CONSTRUCT A CELL SITE ON)	2003-00222
OLD WILSON CREEK ROAD IN CARTER COUNTY,)	
KENTUCKY (GRAVEL LICK SITE))	

O R D E R

On June 16, 2003, TeleSpectrum, Inc. d/b/a ALLTEL Communications, Inc. (Applicant) filed an application seeking a Certificate of Public Convenience and Necessity to construct and operate a wireless telecommunications facility. The proposed facility consists of a self-supporting antenna tower not to exceed 299 feet in height, with attached antenna, to be located approximately 3,000 feet west of 682 Old Wilson Creek Road, Carter County, Kentucky. The coordinates for the proposed facility are North Latitude 38° 21 40.06 by West Longitude 82° 51 40.56 .

The Applicant has provided information regarding the structure of the tower, safety measures, and antenna design criteria for the proposed facility. Based upon the application, the design of the tower and foundation conforms to applicable nationally recognized building standards, and a Licensed Professional Engineer has certified the plans.

Pursuant to 807 KAR 5:063, the Applicant has notified the County Judge/ Executive of the proposed construction. The Applicant has filed applications with the Federal Aviation Administration (FAA) and the Kentucky Airport Zoning Commission

(KAZC) seeking approval for the construction and operation of the proposed facility. Both applications have been approved.

The Applicant has filed evidence of the appropriate notices provided pursuant to 807 KAR 5:063. The notices solicited any comments and informed the recipients of their right to request intervention. The Commission received letters requesting information regarding the proposed construction from William E. Salmon, Ronald W. Salmon, and James E. Barnhill. In a letter dated July 11, 2003, the Commission asked the Applicant to respond to these requests. The letter also gave those requesting information 30 days from the date of the July 11, 2003 letter to request intervention in this matter. To date, the Commission has received no correspondence indicating a desire to intervene further in this matter.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that the Applicant has demonstrated that a facility is necessary to provide adequate utility service and therefore a Certificate of Public Convenience and Necessity to construct the proposed facility should be granted.

Pursuant to KRS 278.280, the Commission is required to determine proper practices to be observed when it finds, upon complaint or on its own motion, that the facilities of any utility subject to its jurisdiction are unreasonable, unsafe, improper, or insufficient. To assist the Commission in its efforts to comply with this mandate, the Applicant should notify the Commission if it does not use this antenna tower to provide service in the manner set out in its application and this Order. Upon receipt of such notice, the Commission may, on its own motion, institute proceedings to consider the

proper practices, including removal of the unused antenna tower, which should be observed by the Applicant.

IT IS THEREFORE ORDERED that:

1. The Applicant is granted a Certificate of Public Convenience and Necessity to construct a wireless telecommunications facility. The proposed facility consists of a self-supporting antenna tower not to exceed 299 feet in height, with attached antenna, and is to be located approximately 3,000 feet west of 682 Old Wilson Creek Road, Carter County, Kentucky. The coordinates for the proposed facility are North Latitude 38° 21 40.06 by West Longitude 82° 51 40.56 .

2. The Applicant shall immediately notify the Commission in writing, if, after the antenna tower is built and utility service is commenced, the tower is not used for a period of 3 months in the manner authorized by this Order.

Done at Frankfort, Kentucky, this 9th day of September, 2003.

By the Commission

ATTEST:

Executive Director
